Your major accomplishments this week: (Provide a detailed description of the tasks involved in each accomplishment.)	
TASK/S	ACCOMPLISHMENTS
<ul style="list-style-type: none">Continuation of adding CRUD Function in EV Learning	<ul style="list-style-type: none">Able to Add, Update and Delete a Category in EV Learning. The thing that is challenging here is the CKEditor. I need to add a div tag to CKEditor. I just use online builder and use HTML Support to enable this.
<ul style="list-style-type: none">Clone the Neo-App	<ul style="list-style-type: none">I was able to copy the neo-app folder from github. Our supervisor give us an access and I started to set the environment for my local.
Problem Encountered this week: <ul style="list-style-type: none">I can't decide what will be the looks and structured in EV Learning Page	
Ways done to overcome or solve those problems: <ul style="list-style-type: none">Ask for the opinion of my supervisor and she suggested that I need to use a source code editor for CKEditor.	
List one or two goals you set for yourself next week: <ul style="list-style-type: none">Set the local Environment for Neo AppAble to study the codes in Neo App
