PROGRAM: BS INFORMATION TECHNOLOGY

WEEKLY ACCOMPLISHMENTS REPORT

Von Ryan Sumague   Week No.: **4**
Student Name

Eastvantage Business Solutions, Inc.   **April 25-29, 2022**
Company Name   Inclusive Dates

Tasks Done this week:

- Implement Authenticators for admin roles for Job Openings (Button and Sidebar)
- Improve the table and interface of the Job Openings

New Skill/s Acquired This Week:

- Learned about user Authentication and role permissions

Your major accomplishments this week: (Provide a detailed description of the tasks involved in each accomplishment.)

TASK/S	ACCOMPLISHMENTS
• Implement Authenticators for admin roles for Job Openings (Button and Sidebar)	• Add an authenticator to the button of Add/Edit for Job Openings where admin can only modify. Add a link to the sidebar where admin has the only access.
• Improve the table and interface of the Job Openings	• Looking back at my code and cleaning/removing the unnecessary codes

Problem Encountered this week:

- Struggle on how to display the link with authenticators and permission

Ways done to overcome or solve those problems:

- Use the existing code and use it to work on my code.

List one or two goals you set for yourself next week:

- Learn more about the frameworks, algorithms and syntax.
