PROGRAM: BS INFORMATION TECHNOLOGY

WEEKLY ACCOMPLISHMENTS REPORT

Von Ryan Sumague
Student Name

Week No.: **6**

Eastvantage Business Solutions, Inc.
Company Name

May 10-13, 2022
Inclusive Dates

Tasks Done this week:
• Add an Inactive/Active filter to DTR Logs and DTR Summary • Working on adding an Export feature in DTR Logs

New Skill/s Acquired This Week:
• Learned how to use the Maatwebsite library for exporting an Excel • Learned how to add filter to a data

Your major accomplishments this week: (Provide a detailed description of the tasks involved in each accomplishment.)

TASK/S	ACCOMPLISHMENTS
• Add an Inactive/Active filter to DTR Logs and DTR Summary	• There's a table where it displays the DTR Summary and Logs and I was given a task to add an option where it can filter the active and inactive employees. I searched in the existing codes where I can use as a basis.
• Working on adding an Export feature in DTR Logs	• Adding an Export (Export and Export all) feature for DTR Logs. I'm done with Reactjs where I can send request to the backend.

Problem Encountered this week:
• Struggle with exporting an Excel file

Ways done to overcome or solve those problems:
• Looking for a basis in the existing codes

List one or two goals you set for yourself next week:
• Able to export Excel file • Learn how to use CKEditor
