PROGRAM: <u>**BS INFORMATION TECHNOLOGY**</u>

WEEKLY ACCOMPLISHMENTS REPORT

Von Ryan Sumague   Week No.: **12**
Student Name

Eastvantage Business Solutions, Inc.   **June 20-24, 2022**
Company Name   Inclusive Dates

Tasks Done this week:	
• Add a country filter in the dashboard of Neo	
• Fix the error of syncing of country from BHR	
• Add resend welcome feature in the table	

New Skill/s Acquired This Week:
- Learn how to use mailtrap for sending an email for development testing

Your major accomplishments this week: (Provide a detailed description of the tasks involved in each accomplishment.)

TASK/S	ACCOMPLISHMENTS
• Add a country filter in the dashboard of Neo	• After migrating the required column in the database, I started to a country filter in the dashboard. At first, I thought it is hard but it is not. The only problem here is the syncing of the data from BHR
• Fix the error of syncing of country from BHR	• I ask for help to my co-dev to fix this problem. We resolved it by using unset function to the backend.
• Add resend welcome feature in the table	• This is my new task for this week. I don't have an idea how to test to send an email in the development stage, so ask my co-dev for help, he suggest to use mailtrap. I was able to finished my task using this website.

Problem Encountered this week:
- How to test the sending of email

Ways done to overcome or solve those problems:
- I ask for help with my Co-Dev

List one or two goals you set for yourself next week:
- Able to finish the new task (KPI Report)
